NIST Image Group Open Source
(NIGOS)
August 20, 2006

NIGOS User Registration

The NIST Image Group would like to express our appreciation for your interest in its biometric open source software. We desire to hear from you as we encourage suggestions and comments on improving our software. Please know we will review all submissions but do not guarantee to accept and integrate them into the software depot. We also desire a way to contact you. By emailing us the information listed below, you will be registered to receive email updates informing you of Perforce change activities for the different NIGOS software projects. Please take a moment to let us know a little more about you and your organization.

To contact us, please send email to nigos@nist.gov with the following information:

To Subscribe:
